

## Project Overview

As of May 13, 2013

## Alkire Road and Holt Road Intersection Improvements

Current intersection of Holt & Alkire roads

**Description and Benefits:** Project will consist of adding turn lanes to all directions of the intersection, a new traffic signal and resurfacing. The completed project will reduce congestion and improve safety.

**Schedule:** Construction is tentatively scheduled to begin in July 2013.

**Status:** Design is complete. Funding has been identified for construction, which is projected to begin in June 2013 and finish in September 2013.

**Costs:**

Design	\$95,000
Construction and inspection	\$765,000
